

PROJECT EXECUTION EXCELLENCE... WE'RE ON IT!

Onit Management Consulting is a boutique Seattle-area consulting firm specializing in the delivery of highly-targeted projects ranging from IT infrastructure deployments to technology adoptions to internal communications programs. With savvy, experienced consultants equally comfortable delivering C-suite presentations or working in the field, we focus on agile, “skinny” project methodologies designed to get results. Whether you need a hands-on project manager to deliver a key IT implementation or a partner to design a nuanced strategic program, we’re on it!

RECENT AND CURRENT CLIENTS:

As the Supervisor for the Applications and Platforms team at Sound Transit, it was a pleasure to work with the team at Onit to help us assess our needs for migrating SharePoint on-premises to the Office 365 platform. The Onit team exceeded my expectations. Their professionalism and ability to really understand the needs of the Agency produced a final work product that vastly improved our understanding of the Agency's needs for the migration. I would highly recommend Onit for any SharePoint related requirements.”
Sean Cantellay | Supervisor | IT Platforms and Systems Administration, Sound Transit

“With their combination of communications savvy and strategic program management methodology, Onit brings a unique perspective to S4’s delivery process. Onit is helping us ensure our processes are scalable, reliable and repeatable...As an added bonus, the entire team is just a pleasure to work with!”
Ena Reynen | Business Program Manager | S4 Business Owner | Commercial Sales Readiness Team, SMSGR, Microsoft

I am very impressed with quality of work provided by the Onit team and the clear and professional manner in which it is communicated. Onit was able to assist in defining the scope for this project, leads weekly check-in meetings and follows up on outstanding issues and impediments, keeping us on time and on budget. It’s wonderful to work with them and I am grateful for the extra effort and quality service provided.”
Kimberly Flin | Senior IT Business Analyst | ITSD Project Management Office at Seattle City Light
